

# Better Be Home Soon

## Crowded House (Neil Finn)

**C** Somewhere deep inside **Am**  
 Something's got a hold on you **Em G**  
**C** And it's pushing me aside **Am**  
 See it stretch on forever **Em G**

### Chorus

**C C7** And I know I'm right  
**F** For the first time in my life  
**G** That's why I tell you  
**C G** You'd better be home soon

**C Am** Stripping back the coats  
**Em G** Of lies and deception  
**C Am** Back to nothingness  
**Em G** Like a week in the desert

**C C7** And I know I'm right  
**F** For the first time in my life  
**G** That's why I tell you  
**C** You'd better be home soon

### Bridge

**Bb D** So don't say no,  
**G** Don't say nothing's wrong  
**Bb A** 'Cause when you get back home  
**D G** Maybe I'll be gone

**C Am** It would cause me pain  
**Em G** If we were to end it  
**C Am** But I could start again  
**Em G** You can depend on it

**C C7** And I know I'm right  
**F** For the first time in my life  
**G** That's why I tell you  
**Am D** You'd better be home soon

**F G** That's why I tell you  
**C** You'd better be home soon
