 Girls in our town, they just haven't a care  
 You see them on Saturday floating on air  
**C** **CM7** **F** **C**  
 Painting their toenails and washing their hair  
 Maybe tonight it'll happen **Bb** **(G#)** **(G7)**

**C** **CM7** **F** **C**  
 Girls in our town they leave school at fifteen  
 Work at the counter or behind the machine **CM7** **F** **G**  
 And spend all their money on making the scene **C** **F** **C**  
 They plan on going to England **Bb** **(G#)** **(G7)**

**C** **CM7** **F** **C**  
 Girls in our town go to parties in pairs  
 Sit 'round the barbecue, give themselves airs **CM7** **F** **G**  
 Then they go to the bathroom with their girlfriend **C** **F**  
 who cares **C**

**Bb** **(G#)** **(G7)**  
 Girls in our town are so lonely

**C** **CM7** **F** **C**  
 Girls in our town are too good for the pill  
 But if you keep asking they probably will **CM7** **F** **G**  
 Sometimes they like you or else for the thrill **C** **F** **C**  
 And explain it away in the morning **Bb** **(G#)** **(G7)**

**C** **CM7** **F** **C**  
 Girls in our town get no help from their men  
 No one can let them be sixteen again **CM7** **F** **G**  
 Things might get better but it's hard to say when **C** **F** **C**  
 If they only had someone to talk to **Bb** **(G#)** **(G7)**

**C** **CM7** **F** **C**  
 Girls in our town can be saucy and bold  
 At seventeen, no one is better to hold **CM7** **F** **G**  
 Then they start havin' kids, start gettin' old **C** **F** **C**  
 Girls in our town... **Bb** **(G#)** **(G7)**
