

Throw Your Arms Around Me

Mark Seymour

I will ^D come for you at night time ^G
I will ^D raise you from your sleep ^A
I will ^D kiss you in four places ^G
As I go ^D running along your street ^A
I will ^D squeeze the life out of you ^G
You will ^D make me laugh and make me cry ^A
And we will ^D never forget it ^G
You will ^D make me call your name ^A
And I'll ^G shout it to the blue summer sky ^A

And we may ^D never meet again ^G
So shed your ^D skin and let's get started ^A
And you will ^D thro-ow your arms ^G around me ^A
Yes, you will ^D thro-ow your arms ^G around me ^A

^D I dreamed of you at night time ^G
And I ^D watched you in your sleep ^A
I met you in ^D high places ^G
I touched your ^D head and touched your feet ^A
So if you ^D disappear out of view ^G
You know I will ^D never say goodbye ^A
And though I ^D try to forget it ^G
You will ^D make me call your name ^A
And I'll ^G shout it to the blue summer sky ^A

And we may ^D never meet again ^G
So shed your ^D skin and let's get started ^A
And you will ^D thro-ow your arms ^G around me ^A
Yes, you will ^D thro-w your arms ^G around me ^A
