

# We Can't Be Friends

## Lorene Scafaria

G C G C

I wanna pick you up, I don't care what time

I wanna drive real fast to some place in town;  
I wanna stress you out;

I wanna make things hard;  
I wanna take your hand;

I wanna leave this bar;

I wanna wake you up on a driving train  
that led it's tracks down inside my brain

I wanna hear your band;

I wanna give it advice;

I wanna meet your girlfriend, she sounds nice;  
I wanna take you home;

I wanna feel my age;

I wanna freak you out on a different stage;  
I wanna show my teeth;

I wanna keep you fed;

I wanna get you drunk and let it go to your head

So I guess this means we can't be friends

I wanna be unique;

I wanna be your kind;

I wanna make you hate me then change your mind;  
I wanna wear a skirt;

I wanna make mistakes;

I wanna kill you first then take your name;  
I wanna tear you apart;

I wanna make your bed;

I wanna break your heart;

I wanna break your head

So I guess this means we can't be friends

Yeah I guess this means we can't be friends

Yeah I guess this means we can't be friends
